Lucknow, Uttar Pradesh

ABOUT ME

Computer Science Engineering student with hands-on experience in building real-world web and blockchain-based applications. Developed client projects and scalable solutions focusing on security, performance, and user experience.

Strong interest in blockchain development, full-stack engineering, and solving practical problems through technology. Currently seeking opportunities to apply skills in real-world environments and contribute to impactful projects.

EDUCATION

2023 - Present

Babu Banarasi Das
University

Bachelor of Technology (B.Tech) – Computer Science Engineering

Relevant Coursework: Data Structures, Database Management Systems, Operating Systems, Computer Networks, Blockchain Essentials, Web Technologies

2022 - 2023

St Ann's Day Inter
College

Senior Secondary (Class XII) - PCM

Uttar Pradesh Board (UP Board)
Passed with First Division

PROJECTS

MedLedger – A blockchain-based medical records management system developed as a minor project, focused on ensuring data security, integrity, and transparency through tamper-resistant and decentralized record handling.

Designopack – Designed and developed a complete business website for a 15-year-old luxury packaging brand, incorporating an admin panel, SEO optimization, and end-to-end website functionality to support real-world business operations.

TrustPay – A blockchain-based escrow application built during a hackathon to enable secure and transparent payment handling for freelancers, emphasizing trust, transaction security, and decentralized payment workflows.

SKILLS

Languages: Java, JavaScript, Python

Frontend: HTML, CSS, Typescript

Backend: Node.js

Database: MySQL

Technologies: Blockchain

Tools: Git, GitHub, VS Code, Firebase, PowerBI

EXPERIENCE

Microsoft Elevate Internship (Power BI)

- Completed a 4-week internship focused on data analysis and business intelligence
- Worked with Power BI to visualize data and derive insights

CERTIFICATIONS & ACHIEVEMENTS

Infosys Springboard Pragati: Path to Future – Cohort 8

Infosys | 2026

- Selected for a national-level career development and mentorship program
- Focused on confidence building, professional growth, and industry readiness

Web Development Basics – IBM SkillsBuild

Data Visualization using Python – IBM

Investment Banking Job Simulation – J.P. Morgan (Forage)

Cybersecurity Analyst Job Simulation – Tata (Forage)
